

(dust)

(dust)

The Dust series extends the Contractors range's potential with a contemporary finish suitable for interiors of various kinds: a concrete look.

It joins the Midtown series but with a completely different appearance and colour range; the patterning reproduces the typical variations of "textured" concrete, with subtle shade variation and an overall more or less uniform effect once laid on large surfaces; this makes it ideal for use in a wide variety of contexts, both residential and commercial, with a sophisticated style which however does not overwhelm its surroundings.

The colours are dusty, consistent with the inspiration product. White, Cream, Pearl and Smoke are ideal for combination with various wall covering collections in the large Marazzi offering.

The range comprises the unrectified 60x60, 30x60, 45x45 and 33.3x33.3 sizes, completed by the relative matching skirting tiles.
